

Refresh solutions | Buy now, pay later contract billing solutions to help you stay clinically relevant

Accelerate the use of enhanced imaging technology to help improve patient care — even when cash is constrained — with GE HealthCare’s Refresh solutions. With our Refresh solutions, you pay the same total you would have paid as a one-time capital purchase. But you spread the cost out for up to 36 months*.

Buy now. Pay later. Lead with exceptional technology.

Up to 3 years
of equal payments

\$0

\$0 upfront

Day 1 ownership
no waiting to take advantage of
your new equipment upgrade

0%

**0% inflation
payments**

Overcome the financial challenges of upgrading

- Unpredictable market conditions
- Rising inflation
- Liquidity concerns

20% reduction in reimbursements
for older analog X-ray equipment

**58% of outdated
assets are idle¹**

Avoid end-of-service-life situations, increasing service burdens and declining utilization rates.

Don't delay upgrading your aging assets today.

* Billed in equal increments every month. May or may not require service contract (based on offering).

Please contact your GE HealthCare service representative for more details.
